

SIBO Breath Testing

In-office or Home Collection Available at
Natural Medicine of Stillwater

Offer Your Patients the Gold-standard in SIBO Breath Testing

At Natural Medicine of Stillwater, we diagnose SIBO using the QuinTron® breath analyzer. QuinTron is the industry standard trusted by the largest medical institutions and top researchers.

We are proud to be one of the clinics in the state of Minnesota to run this test through our on-site lab, Neurovanna. Our QuinTron breath analyzer is the most up-to-date unit allowing for the measurement of both hydrogen and methane gases.

Testing available: glucose, lactulose, lactose, fructose
